Daneros Mine Plan Modification

This unsigned FONSI and the attached EA (DOI-BLM-UT-Y020-2016-0001-EA) for the Daneros Mine Plan Modification are available for public review throughout the 30 day public comment period, which closes July 18, 2016.

Based on the analysis of potential environmental impacts in the attached EA and consideration of the significance criteria in 40 CFR 1508.27, I have determined that with the design features of the proposed Mine Plan Modification, the Proposed Action would not result in significant impacts on the human environment. An environmental impact statement (EIS) is not required.

The decision to approve or deny the Proposed Action and if appropriate a signed FONSI with rationale, will be released after consideration of public comments and completion of the EA.
